

The 2015 Health Policy and Clinical Practice Conference for Patients with Multiple Chronic Conditions

Sponsored by:

MultipleChronicConditions | RESOURCE CENTER

Conference Objectives:

- Describe how US health policy influences the development of evidence to direct clinical practice for patients with multiple chronic conditions
- Identify health care priorities established by the Affordable Care Act and its influence on the care of patients with multiple chronic conditions
- Explore Federal and State innovative models for Medicare and Medicaid reimbursement for the largest and fastest growing US patient population
- Review trends in disease and population demographics, advanced disease management and controversial topics
- Identify methods for interdisciplinary professionals to improve practice as a result of these changing health care policies.

Join esteemed presenters and inter disciplinary colleagues in Savannah, Georgia at the Westin River Front, March 26-28, 2015.
